Herd Established 1937

Dear Fellow Breeders and Cattlemen:

We are pleased to invite you to attend our 3rd Production Sale with consignments from fellow breeders. With the demand we have had, our numbers are somewhat smaller this year; however, the quality we are offering is in keeping with that of the past or perhaps surpasses that of past sales. In the meantime, we are having to replace a number of older cows with younger females.

We will have a good consignment from Pine Lane Farms, Townville, S.C., Dr. Alfred Haight, Cumming, Ga., and San-Tuck Farms, Seneca, S.C., as well as Arnold Phillips, Highlands, N.C. who is reducing his quality herd by some 12 females. Again, we are selling both Shorthorns and Polled Shorthorns who carry the service of full Canadian bulls. These service sires are modern in pedigree and conformation with growth factors bred into them. Calves by these bulls are showing up extremely well already.

I do take this privilege in thanking all who attended our sale last year, and specifically invite our past customers, as well as potential buyers, to come and be with us. This is our 37th year in breeding Shorthorns. They have through good and lean years helped us maintain a good flow of income for our farm. It is a good time to get into the Shorthorn or Polled Shorthorn business and even expand your herd.

I might call your attention to the two good bulls, who are full Canadian breeding, selling in this sale, as well as the other prospective sires. Mark the date on your calendar and may we have the pleasure of your presence at the sale, which again, is being held at the Anderson Stockyards, a convenient and comfortable facility.

Cordially yours,

T. Elias McGee

T. Elias McGee

STATEMENT OF SALE MANAGER

Phone: 477-5845 Area Code 912

2985 King Alfred Drive
MACON, GEORGIA 31204

Dear Shorthorn Breeder and Cattleman:

It is indeed a pleasure to cordially invite you to the Third Annual Production Sale of T. Elias McGee and Fellow Breeders, Saturday, August 24, Anderson, S.C. I urge you to evidence your interest in the breed by your presence, whether you have interest in adding breeding stock to your program or not.

Where we are experiencing irregularities and adjustments in the marketplace with all kinds of livestock, and the cost of production of a beef animal whether it is commercial or purebred, I would like to point out here the wonderful economics of the Shorthorn female.

The Shorthorn cow has been proven through history her capability of weaning off a heavy calf in comparison, to her own size. Today as breed competition seeks a high level with emphasis being placed on the size of these breeds, at the same time, there is some turn-around because of the economic cost and the seeking of an intermediate mother-cow for specific areas. Here again the Shorthorn will meet the production standard desired and at a smaller cost perhaps than any other breed.

Thus, we have an opportunity to expand our numbers and have the potential of a greater market, as economic costs soar in maintaining a beef cow herd and especially those cows of extreme size. Shorthorns do fit the small acreage of many who would own beef cattle in our immediate southeastern area, as contrasts to extremely large mother-cows of other breeds. As I see it, now is a good time to own Shorthorn or Polled Shorthorn and promote them on their economic traits.

In this sale, you may expect to find an outstanding group of cattle from each of the consignors. I have seen the bulk of these cattle who are among the best we have ever offered, and I do know these breeders have dug deep into their herds for this consignment. I anticipate seeing you at the sale and if I can be of service to anyone, please feel free to call on me.

Sincerely yours,

W. Scott Wilson

GENERAL INFORMATION

THE SALE: The 3rd production sale of T. Elias McGee, Route 2, Starr, S.C. and Fellow Breeders as guest consignors.

THE DATE: The sale will be held rain or shine Saturday, August 24, 1974

TIME: The sale will begin sharply at 12:30 p.m.

PLACE: The sale will be held at the John C. Taylor Livestock yards, clean and convenient to all travel. Located on the east side of the city at junction of Hwy. 178 and U.S. 29 by-pass.

SALE HEADQUARTERS: Holiday Inn, located on U.S. 76 and 178, North Main at North Avenue, three miles south of I-85. Telephone Area Code 803, 226-6051, four miles from airport. Make reservations direct. **OTHER ACCOMMODATIONS:** Carolina Terrace, downtown Anderson, Phone number Canal 6-3411.

LUNCH: There will be lunch at or near the site of the sale.

LENGTH CATTLE CAN STAY AT YARDS: It is important that all cattle be moved from the barn as soon as possible and before Monday, August 26. Buyers who cannot move their purchases at the time indicated, may arrange with the owners or sale manager to load them at an appointed time. Cattle will be kept without charge for this period.

HEALTH: A clean test for T.B. and Bangs will be conducted within a thirty day period of the sale. Individual health charts will be made available by Dr. Earl Baker, Department of Animal Health, State of South Carolina, Columbia, for any cattle going out of the state. Animals will be eligible for interstate shipment anywhere.

OWNERS ADDRESS: T. Elias McGee, Route 2, Starr, S.C.
Phone: 803/352-6283

Insurance: Insurance will be available from the sale manager

TRUCKS: Trucks will be available upon request, arrangements should be made through the Sale Manager.

Terms and Conditions

THE TERMS: Terms of the sale are cash. Settlements are to be made with the clerk at the conclusion of the auction. All animals will be at the buyer's risk as soon as bid off. However, due care shall be exercised in the handling of each animal until they are loaded out.

PAYMENT: Payment can be with personal check or cash. It is requested personal checks carry your bank number and bank name. Persons without personal check will be asked for full identification. Purchasers cannot load out cattle until paid for.

GUARANTEE: Each animal will be sold under the standard guarantee of the American Shorthorn Breeders Association. All animals are guaranteed to be breeders with the exception of calves at side, which their breeding ability is sometimes impaired by management practices.

LIABILITY: The sale manager - auctioneer, members of his staff, ringmen, clerks or anyone connected with the sale are not liable for accidents of any kind. Persons attending the sale, do so at their own risk. The sale manager was employed by T. Elias McGee and Fellow Breeders, as agent only, and cannot be responsible for errors in health charts, or fulfillment of guarantee. It is believed all information in the catalog is factual but is not so guaranteed. Announcements made from the auction stand take precedence over all printed matters in the catalog or advertising.

INSURANCE: Insurance will be available at the clerk's table or from Sale Manager.

MAIL BIDS: Mail bids or bids by phone may be sent or given to any of the representatives listed as follows: W. Scott Wilson, Sale manager, G. Shirley Myers, Mike Kershaw, and/or C.C. Swaffer.

SALE MANAGER'S ADDRESS: W. Scott Wilson, Auctioneer, Cattle Sales Service, 2985 King Alfred Drive, Macon, Ga. 31204. Ph.: Area Code 912, 477-5845

His service sells. You will have the opportunity to buy the service of this full Canadian bull, bred by C.S. Thomas & Son, Hartney, Manitoba, Canada. He is big and has a lot of length, as well as scale. A bull of good rich Red color, sired by Kodiak 3X who is by TPS Coronet Leader 4. The Leader cattle are in great demand throughout the country and are outstanding in their own rights. The dam is a grand daughter of Carona Perfect X bred by Carl M. Johnson. His get and service sells.

A feature of the sale is the sons and many daughters, as well as service, of this sire offered in this sale. He was purchased in the Colonel George H. Miller, Upson Farms' Dispersal, as a promising young bull, and has proven himself worthy of a strong spot in the McGee breeding program. Sired by the famous Timberlee's Consort 44X who sired an All American in his first calf crop, and weighed over 1850 lbs. as a young bull in the Upson breeding program. He is backed up by some of the most outstanding Polled blood of the industry. It is recalled his dam and grand dam, as well as two of the dam's half sisters, were among the very top individuals in the nationally known Upson Farms herd when it was dispersed in 1968. Today "the 3rd" is very impressive as a seven year old bull. Her daughters are some of our best. His get and service sells.

NEWS BULLETIN

SHORTHORNS PROVE MOST PROFITABLE IN EXPO SWEEPSTAKES

Optimum is not always maximum: in fact, the opposite is true if the results posted at the Great Western Beef Expo, June 21-22, are used as guide-lines.

Six different sire groups were exhibited and were either Grand, or Reserve Grand Champion in three Expo divisions of feedlot gain, feed efficiency and lean yield, but in the profitability sweepstakes, a combination of placing in all three divisions, it was a pen of straightbred Herefords, followed by a group of straightbred SHORTHORNS that topped the field. This year's Expo the 5th annual to be held in northeastern Colorado, Stirling, was the largest from the standpoint of entries. In all 34 breeders from seven states entered 208 steers.

The Herefords placed 5th in gain, with a 3.17 lbs., twelfth in feed efficiency with a 7.55 lbs. of feed per lb. of gain and tenth in yield with a .723 lbs. of lean yield per day of age.

RESERVE GRAND CHAMPIONS WERE A PEN OF SHORTHORNS, shown by Ed Summers, Crook, Colorado. They were 20th in feedlot gain 2.95 lbs., third in feed efficiency 7.27, and eleventh in yield with .710 lbs.

In order to qualify for the lean yield placings and the overall sweepstakes, a minimum of four steers out of a pen of five had to grade choice. Other breeds in the test were: Simmental, Friesian, Jersey, Angus, Chianina and Charolais.

(Excerpts from July Better Beef Business)

NEWS BULLETIN

A Polled Shorthorn bull recently broke the all-time record for British breed at the South Carolina Bull Test Station at Clemson University. He was Triway Royal Duke X, son of Dandaloo Royal Duke (P) out of a daughter of TPS Coronet Leader 21st X, and weighed 1142 lbs. at 365 days. His average daily gain on test was 3.44 lbs. His weight per day of age was 3.13. The bull is owned by George M. Smith, DVM, Tieway Farms, Greenville, S.C. The three Polled Shorthorns on the 140 day low-energy-ration test averaged 2.86 lbs. ADG, and their weight per day of age was 2.75, also topping the average of the other English breeds on test.

An excellent combination of bloodlines, this heifer is pure mated to the service of Upson Consort 3rd, Polled, a bull that we are very fond of because of his many good daughters. She is a daughter of our full Canadian bull, Thomas Kodiak 107A.

For 37 years Shorthorns and Polled Shorthorns have helped afford the McGee Family a stable income. This group of bred heifers will - this year help farm income more than any of our field crops.

It is with great reluctance that we are selling this four-year-old bull; however, we have reduced our breeding herd to the extent we have use only for one sire. We have bred him in our commercial herd this spring but we feel he is much too valuable as a purebred sire to use totally in a commercial herd. In our opinion and from proving him, he is a sire that deserves to work in some good purebred herd. Many of our Shorthorn friends realize the reduction of our cow herd came about by the establishing of a dairy herd at Pine Lane Farm, where we are now milking some 75 Holsteins. We would not under any circumstances be parting with this young proven sire that is so royally bred had we not cut our numbers in the breeding herd of Shorthorn.

In the analyses of his pedigree you will note he is sired by Kinnaber Leader 6 who was 1971-72 second place winner as the Shorthorn and Polled Shorthorn Sire of the Year, and whose half-brother, Western Trademark 3rd (Fillet) holds both the 1970-71 and 1972 record as Sire of the Year. His illustrious grandsire, TPS Coronet Leader 21st X, was winner of the first Sire of the Year award in 1969 and 1970. The accomplishments achieved by this fabulous line of Polled Shorthorn is a large volume, and generally known to fellow breeders throughout North America.

This bull is large, possessing excellent length and scale with ample bone and muscling, and generally correct throughout. He truly can be classified as a modern, sire, with little waste fat. Study his pedigree and you will note that both sire and dam are topped out by Max Leader. The Leader cattle dominate a large segment of the industry today in sales and quality. We invite you to the farm in advance of the sale to see this bull and especially plan to attend the sale and bid on him. A daughter, Lot 43, is selling in the sale.

WELCOME!!

This good young daughter of Rothbury Sir Leader, Polled, sells with one of the most outstanding bull calves we have produced and is sired by the Lot 23 bull, Pine Lane Leader, our full Canadian son of Kinnaber Leader 6th, Polled. He has a lot of promise as a potential herd sire prospect with ample size and scale. The calf was dropped June 10, 1974 the mother is rebred since calving to the pasture service of Pine Lane Leader X, Lot 23. The mother represents TPS Coronet Leader 21st X in both her dam's and sire's tabulations. We especially invite your attention to this female with her bull calf.

We selected this big, tall and long bull in the Tennessee National sale, he was bred in the well known herd of Bob & Lee Farms, Inc. and The R. Lee Johnsons, Fredericktown, Ohio.

He is sired by the great breeding bull Defender Promise X the Frank J Haumont bull and sired by the well known Par Defender. His paternal tabulation represents the best of breeding in the Haumont herd where all of them were bred. The dam is a daughter of TPS Coronet Galaxy 3rd X bred by L.W. Thieman and the maternal grandam was bred in the famous Canadian S.C. Thomas and Son herd.

The service of this young bull sells in this sale. He is a good prospective herd sire, those buying our consignment will be getting some of his first calves.

We purchased Louada Royal Oak from Louada Farms, Ontario, Canada, where he was one of the high-selling bulls. We have used this bull successfully in our herd where he has left us with a goodly number of his Get which are extremely high quality. Two of his daughters sell as Lots 65 and 66. Lot 59 and 60 have bull calves at side sired by this bull. The service of this bull is offered through four of the females we are selling.

The sire is Louada Royal Leader, a red bull who is an own son of the great breeding bull, Louada's Rothes King. The dam through the sire is of Full Scotch Imported breeding, topped out by Calrossie Highland Leader. The maternal dam is of equally mentionable breeding, being a daughter of Bapton Lord Mayor who was one of the big red full Scotch bulls and bred in the Cecil and Nigel Moore's herd, Scotland. The dam is actually full Scotch as the second dam was a full Scotch Import, and a daughter of Glastullich Paragon, bred in the world-famous W.J. Mac-Gillivray herd. This bull is 7 years of age, sound and has a lot of good years ahead of him. For the breeder who is seeking a bull of these great bloodlines, he need not look farther. He is a guaranteed breeder.

Sells pasture exposed to Louada Royal Oak, 3329-521, from September 10 to December 15, 1973, and should be well along in calf to this Service. This tabulation exhibits a great deal of Louada breeding, along with the well-known Gloriadale Farms in Canada. Each animal in the sire's tabulation is Polled. This is a good two-year-old for some good herd.

Sells pasture exposed from September 10 to December 15, 1973 to the Service of Louada Royal Oak 3329-521, and should be well along in calf to this full Canadian bull who sells as Lot 58 and whom we bought in one of Louada's Farms sales, Peterboro, Ont., Canada. She is one of several half-sisters and granddaughter of Gloriadale Meteor 34th, with the sire having been bred in the J & J Humphries herd with three generations of the good Humphries Polled breeding exhibited. Her dam is sired by the great Louada Nugget.

This Polled granddaughter of Gloriadale Meteor 34 sells open. The sire is backed up by six Polled ancestry. Her dam is through the great Bapton Roan Robbins, Imported. In fact, the dam is entirely of Imported tabulation. An excellent opportunity for breeders to add new bloodlines of Polled breeding to their herds.
